

11 A. M.—Then the Gas Range

Grease, dirt, rust spots—all disappear magically with the use of 20 MULE TEAM BORAX. It polishes nickel, cleans out the burners and keeps the gas range bright and wholesome.

12 M.—Pans in Soak

As soon as the cooking is finished, into a solution of 20 MULE TEAM BORAX go pots, pans and kettles. The Borax softens and cleans—does the scraping for you. Saves time, work and temper.

1 P. M.—Dishes Again

But luncheon or dinner dishes are merely an incident in the day's work to the housewife who has 20 MULE TEAM BORAX handy. And a point worth remembering—the Borax sterilizes as well as cleanses.

2 P. M.—For the Silver

Cleansing in a solution of 20 MULE TEAM BORAX, keeps the silver lustrous and like new—and with practically no labor.

10 A. M.—Cleans Quickly

Floors, walls, woodwork—all house-cleaning—done in half the time by a generous use of 20 MULE TEAM BORAX. And with little labor, because the Borax dissolves away grease and dirt without scrubbing.

9 A. M.—Baby's Bath

Because 20 MULE TEAM BORAX softens the water, cleanses thoroughly, and is wonderfully comforting to tender skins, a little sprinkled in the bath promptly prepares His (or Her) Majesty for a contented day.

8 A. M.—The Breakfast Dishes

With 20 MULE TEAM BORAX in the dishwasher the busy housewife makes short work of dishwashing. The Borax quickly cuts off grease from tableware and silver and puts a rich luster on glass.

7 P. M.—Finally, the Garbage Can

Liberal, into the garbage can, the careful housekeeper sprinkles 20 MULE TEAM BORAX to prevent the breeding of flies and disease germs, to kill odors and keep the home wholesome and sanitary.

6 P. M.—Makes Baby's Bottle Safe

Into a hot solution of 20 MULE TEAM BORAX goes Baby's bottle, then out again, hygienically cleansed, sterilized and free from all possible danger of infection.

5 P. M.—Cleaning Windows

Rather late to start window cleaning? Not with 20 MULE TEAM BORAX to help. In a jiffy the Borax softens the water, loosens the dirt and leaves every pane clean and clear as crystal.

4 P. M.—Bath-Tub Next

20 MULE TEAM BORAX sprinkled on a wet cloth easily removes soap "rings" and discolorations from the bath-tub—without labor. Keeps it bright, wholesome and sanitary.

3 P. M.—The Ice Box

Into every corner the careful Housewife washes a strong solution of 20 MULE TEAM BORAX. Then pours it down the outlet pipes to dissolve, disinfect and carry away all grease and dirt with their menace to health.

EAST BETHEL

Mrs. C. N. Smith is visiting at the home of Hon. Z. S. Stanton in Roxbury.

Mrs. Emma Scribner is visiting friends in Brookfield.

Mr. and Mrs. Arthur Smith of Franklin, N. H., were recent guests of E. W. Perrin.

P. A. Hackett and wife of Windsor were at William Wright's recently.

Mrs. Ellen Greene of South Royalton has been with her sister, Mrs. P. C. House, the past week.

Walter Green took auto parties recently to North Tunbridge, White River Junction and Montpelier.

H. V. Allen of Bristol, Conn., arrived here Friday to visit his family, after filling Memorial day engagements in Bristol and Terryville, Conn., with the New Departure band, of which he is drum major.

EAST MONTPELIER

C. A. Badger of East Montpelier, president of the Washington county farm bureau, went to Montpelier Friday by auto, where he met the state commission of agriculture, E. S. Brigham of St. Albans, and carried him with County Agent Abbott and L. H. Facer, supervisor of community gardens in Montpelier, to Vall camp, Lyndon, where F. H. Bickford of Bradford met them. There they reviewed the boys who have been in training there the past two weeks.

There were about 30 high school boys, most of them from Washington county, who were there for training in agriculture. There are to be three classes, about 30 boys in each. The first class is through, and the second have taken their places. Mr. Badger said they were a nice, manly looking lot of boys, and most of them had good marks for their work, and ought to be a great help to the farmers in raising and securing their crops. The boys are handled and drilled just the same as soldiers.

Mr. Badger is secretary of the newly organized war council, of which Mr. Brigham is the head in this state, and they are getting very busy, trying in all possible ways to help the farmers as they so much need. All the officials are very anxious for a large attendance at the annual meeting Thursday of this

week, all day, in city hall, Montpelier, when officers are to be elected. In the afternoon an address will be given by the editor of the New England Homestead, Mr. Sevey, and other good speakers. The ladies are all especially invited, as they can all help in ways they may learn through hearing earnest speakers, who are working with and for the farmers.

Mr. and Mrs. Connor of Yonkers, N. Y., will be here to preach at the brick church next Sunday, June 9, and it is hoped many will hear them, as both are good speakers, who preached here last summer and were liked very much.

Applying This Paste Actually Removes Hairs

(Beauty Notes.)

Merely applying an inexpensive paste to a hairy surface, say beauty specialists, will dissolve the hairs. This paste is made by mixing a little water with some powdered delatone; after about two minutes it is rubbed off and the skin washed. This simple method not only removes every trace of hair, but leaves the skin free from blemish. To insure success with this treatment, be careful to get real delatone.—Adv.
